**\$700,000
(3,500,000 Common Shares)**

Price: \$0.20 per Common Share

The purpose of this offering (the “**Offering**”) is to provide Terra Firma Capital Corporation (the “**Corporation**”) with a minimum of funds with which to identify and evaluate businesses or assets with a view to completing a Qualifying Transaction, as hereinafter defined. Any Qualifying Transaction must be approved by the TSX Venture Exchange Inc. (the “**Exchange**”) and, in the case of a Non-Arm’s Length Qualifying Transaction, must also receive Majority of the Minority Approval, as hereinafter defined, in accordance with Exchange Policy 2.4, *Capital Pool Companies* (the “**CPC Policy**”). The Corporation is a Capital Pool Company (“**CPC**”), as hereinafter defined, has not commenced commercial operations and has no assets other than a minimum amount of cash. Except as specifically contemplated in the CPC Policy, until the Completion of the Qualifying Transaction, as hereinafter defined, the Corporation will not carry on any business other than the identification and evaluation of assets or businesses with a view to completing a proposed Qualifying Transaction. The Corporation currently anticipates pursuing a Qualifying Transaction primarily through the acquisition of real property, focusing on the commercial, industrial and institutional sectors, but there is no assurance that this will in fact be the assets or businesses of a proposed Qualifying Transaction of the Corporation following Completion of the Qualifying Transaction. See “Use of Proceeds” and “Business of the Corporation”.

The Corporation hereby conditionally offers through its agent, Canaccord Capital Corporation (the “**Agent**”), up to 3,500,000 common shares in the capital of the Corporation (the “**Common Shares**”) to the public at a price of \$0.20 per share. The Offering is being made on a best efforts basis by the Agent in the provinces of British Columbia, Alberta and Ontario (collectively, the “**Jurisdictions**”) and is subject to the receipt by the Corporation of a subscription of 3,500,000 Common Shares for total gross proceeds to the Corporation of \$700,000. The Common Shares are conditionally offered, subject to prior sale, if, as and when issued by the Corporation, in accordance with the terms and conditions contained in the Agency Agreement, as hereinafter defined, and is subject to approval of certain legal matters by Goodmans LLP on behalf of the Corporation and by Torys LLP on behalf of the Agent. The offering price of the Common Shares was determined by negotiation between the Corporation and the Agent. All funds received from subscriptions for Common Shares will be held by the Agent pursuant to the terms of the Agency Agreement and will not be released until \$700,000 has been deposited and the Agent has consented to such release. If subscriptions for an aggregate of 3,500,000 Common Shares (for gross proceeds of \$700,000) are not completed within 90 days of the issuance of a receipt for the final prospectus or such other time as may be authorized by the applicable securities regulatory authorities in the Jurisdictions (collectively, the “**Commissions**”) and consented to by Persons, as hereinafter defined, who subscribed within that period, all subscription monies will be returned to subscribers without interest or deduction, unless the subscribers have otherwise instructed the Agent. See “Plan of Distribution”.

- (2) Before deducting the costs and expenses of this Offering (excluding the Agent's fees) estimated at \$93,000 (inclusive of the Agent's legal fees of not more than \$15,000 and expenses) and the listing fee payable to the Exchange of \$10,000 plus taxes. See "Use of Proceeds".

Market for Securities

There is currently no market through which the securities may be sold and purchasers may not be able to resell the securities purchased pursuant to the Offering hereunder. The Exchange has conditionally accepted the Common Shares for listing on the Exchange. Listing will be subject to the Corporation fulfilling all the requirements of the Exchange.

Other than the initial distribution of the Common Shares pursuant to this prospectus and the grant of stock options to the directors and officers of the Corporation, trading in all securities of the Corporation is prohibited during the period between the date a receipt for the preliminary prospectus in respect of this Offering is issued by the Commissions and the time the Common Shares are listed for trading on the Exchange except, subject to prior acceptance of the Exchange, where appropriate registration and prospectus exemptions are available under securities legislation or where the Commissions grant a discretionary order.

Risk Factors

Investment in the Common Shares offered by this prospectus is highly speculative due to the nature of the Corporation's business and its present stage of development. This Offering is suitable only to those investors who are prepared to risk the loss of their entire investment. See "Risk Factors".

The Corporation was only recently incorporated, owns no assets other than cash, has no record of earnings and has not entered into an Agreement in Principle, as hereinafter defined, with respect to a proposed Qualifying Transaction and may not generate earnings or pay dividends in the immediate or foreseeable future. The proposed business of the Corporation involves a degree of risk and there is no assurance that the Corporation will identify assets or businesses which warrant, or successfully negotiate any, acquisition or participation, or that any such opportunities or businesses acquired will be profitable. Until completion of the Qualifying Transaction, the Corporation is not permitted to carry on any business other than the identification and evaluation of potential Qualifying Transactions. Moreover, if a potential asset or business is identified and an acquisition or participation therein is warranted, additional funds may be required and there is no assurance that the Corporation will be able to obtain such financing. Subscribers hereunder will experience immediate dilution of approximately \$0.05 per Common Share or 24%, prior to deduction of selling commissions and related expenses. An acquisition financed by the issuance of additional treasury shares or other securities may result in further dilution and a change of control of the Corporation. In the event the Corporation identifies and completes the acquisition of an entity or assets located outside of Canada, it may be difficult or impossible to effect service or notice to commence legal proceedings on any directors, officer and experts located outside of Canada. It may not be possible to enforce, against such persons or such corporation, judgments obtained in

Canadian courts predicated on the civil liability provisions of the applicable securities laws in Canada. **For these reasons, which are only summaries thereof, an investment herein is suitable only to those investors who are willing to rely solely on the management of the Corporation and who can afford to lose all of their investment.** See “Business of the Corporation”, “Capitalization” and “Risk Factors”.

The Corporation currently anticipates pursuing a Qualifying Transaction primarily through the acquisition of real property, focusing primarily on the commercial, industrial and institutional sectors; however there is no assurance that the Qualifying Transaction will involve the acquisition of real property, focusing primarily on the commercial, industrial and institutional sectors or otherwise, or be successfully completed.

The Exchange may suspend from trading or delist the Common Shares if the Corporation fails to complete a Qualifying Transaction within twenty-four (24) months following the date the Common Shares are listed on the Exchange. Suspension from trading of the Common Shares may, and delisting of the Common Shares will, result in the Commissions issuing an interim cease trade order against the Corporation. **In addition, delisting of the Common Shares will result in the cancellation of all of the currently issued and outstanding shares of the Corporation held by Insiders, as hereinafter defined, that are Discounted Seed Shares within the meaning of the CPC Policy.**

Maximum Investment

Pursuant to the CPC Policy, no purchaser of the Common Shares is permitted to directly or indirectly purchase more than 2% of the number of Common Shares offered under this prospectus (which will be 70,000 Common Shares). In addition, the maximum number of Common Shares that may directly or indirectly be purchased by that purchaser, together with any Associates or Affiliates, as such terms are hereinafter defined, of that purchaser, is 4% of the number of Common Shares offered under this prospectus (which will be 140,000 Common Shares).

Receipt of Subscriptions

Subscriptions will be received subject to rejection or allotment in whole or in part and the right is reserved to close the subscription books at any time without notice. It is expected that share certificates evidencing the Common Shares in definitive form will be available for delivery on the closing date.

PROSPECTUS SUMMARY

The following is a summary of the principal features of this distribution and should be read together with the more detailed information and financial data and statements contained elsewhere in this prospectus.

- Offering:** A total of 3,500,000 Common Shares are being offered under this prospectus at a price of \$0.20 per share, for gross proceeds of \$700,000. The Offering is being made on a best efforts basis. The Corporation also intends to grant, at the closing of the Offering and under the Corporation's Stock Option Plan, stock options to the directors and officers of the Corporation to purchase an aggregate of 385,000 Common Shares at \$0.20 per share and exercisable for a period of five years from the date of grant, all of which options are qualified for distribution under this prospectus. See "Plan of Distribution" and "Options to Purchase Securities".
- Corporation:** The principal business of the Corporation will be the identification and evaluation of assets or businesses with a view to completing a Qualifying Transaction. Any Qualifying Transaction must be approved by the Exchange, and in the case of a Non-Arm's Length Qualifying Transaction, must also receive Majority of the Minority Approval, in accordance with the CPC Policy. The Corporation has not commenced commercial operations and has no assets other than a minimum amount of cash. The Corporation currently anticipates pursuing a Qualifying Transaction primarily through the acquisition of real property focusing primarily on the commercial, industrial and institutional sectors, but there is no assurance that this will in fact be the assets or businesses of a proposed Qualifying Transaction of the Corporation following Completion of the Qualifying Transaction. An acquisition financed by the issuance of treasury shares or other securities by the Corporation could result in a change of control of the Corporation and may cause the shareholders' interests in the Corporation to be reduced. See "Business of the Corporation".
- Use of Proceeds:** The net proceeds of this Offering to the Corporation will be \$658,000, after deducting the Agent's commission but before deducting expenses of the issue. The net proceeds of this Offering will be used to provide the Corporation with funds to be used to identify and evaluate assets or businesses for acquisition with a view to completing a Qualifying Transaction. The Corporation may not have sufficient funds to secure such business or assets once identified and evaluated and additional funds may be required. Subject to approval by the Exchange, until Completion of the Qualifying Transaction and except as otherwise provided in the CPC Policy, a maximum of the lesser of 30% of the gross proceeds realized from the sale of all securities issued by the Corporation and \$210,000, may be used for purposes other than evaluating businesses or assets, subject to obtaining a waiver from the Exchange. See "Use of Proceeds", "Business of the Corporation - Method of Financing" and "Risk Factors".

Directors and Management: The following are the directors and officers of the Corporation:

Allan Silber, Director, Chairman and (Interim) Chief Executive Officer
Dr. Chris Bart, Director
Jamie Golombek, Director
Morris Perlis, Director
Philip Reichmann, Director
Reuben M. Rosenblatt, Director
Howard Wortzman, (Interim) Chief Financial Officer

See “Directors, Officers and Promoter”.

Escrow Provisions: All of the 3,150,000 currently issued and outstanding Common Shares will be deposited in escrow pursuant to the terms of an Escrow Agreement and will be released from escrow in stages over a period of up to three years after the date of the Final Exchange Bulletin. See “Escrowed Securities”.

Risk Factors: **There is no established market for the Common Shares. An investment in the Common Shares must be regarded as highly speculative due to the proposed nature of the Corporation’s business and its present stage of development.**

The Corporation was only recently incorporated and has no active business or assets other than cash. It does not have a history of earnings, nor has it paid any dividends and will not generate earnings or pay dividends until at least after the Completion of the Qualifying Transaction, if ever. The directors and officers of the Corporation will devote only part of their time and attention to the affairs of the Corporation and there are potential conflicts of interest to which some of the directors and officers of the Corporation may be subject in connection with the operations of the Corporation. Assuming completion of the Offering, an investor will suffer an immediate dilution on investment of approximately \$0.05 per share or 24%, prior to deduction of selling commissions and related expenses. There can be no assurance that an active and liquid market for the Common Shares will develop and an investor may find it difficult to resell the Common Shares. Until Completion of the Qualifying Transaction, the Corporation will not carry on any business other than the identification and evaluation of assets or businesses with a view to completing a Qualifying Transaction. The Corporation has only limited funds with which to identify and evaluate possible Qualifying Transactions and there can be no assurance that the Corporation will be able to identify or complete a suitable Qualifying Transaction.

Even if a proposed Qualifying Transaction is identified, there can be no assurance that the Corporation will be able to successfully complete the transaction. Completion of a Qualifying Transaction is subject to a number of conditions including acceptance by the Exchange and, in the case of a Non-Arm’s Length Qualifying Transaction, Majority of

the Minority Approval. Unless the shareholder has the right to dissent and be paid fair value in accordance with applicable corporate or other law, a shareholder who votes against a proposed Non-Arm's Length Qualifying Transaction for which Majority of the Minority Approval by shareholders has been given, will have no right to dissent and no entitlement to payment by the Corporation of the fair value for the Common Shares. Upon public announcement of a proposed Qualifying Transaction, trading in the Common Shares of the Corporation will be halted and will remain halted for an indefinite period of time, typically until a Sponsor has been retained and certain preliminary reviews have been conducted. The Common Shares of the Corporation will be reinstated to trading before the Exchange has reviewed the transaction and before the Sponsor has completed its full review. Reinstatement to trading provides no assurance with respect to the merits of the transaction or the likelihood of the Corporation completing the proposed Qualifying Transaction. Trading in the Common Shares of the Corporation may be halted at other times for other reasons, including for failure by the Corporation to submit documents to the Exchange in the time periods required. The Exchange will generally suspend trading in the Common Shares or delist the Corporation in the event that the Exchange has not issued a Final Exchange Bulletin within 24 months from the date of listing. Neither the Exchange nor any securities regulatory authority will pass upon the merits of the proposed Qualifying Transaction.

The Qualifying Transaction may involve the acquisition of a business or assets located outside of Canada. It may therefore be difficult or impossible to effect service or notice to commence legal proceedings upon any directors, officers and experts outside of Canada and it may not be possible to enforce against such Persons judgments obtained in Canadian courts predicated upon the civil liability provisions applicable to securities laws in Canada. Subject to prior Exchange acceptance, the Corporation may be permitted to loan or to advance as a refundable deposit up to an aggregate of \$225,000 of its proceeds to a target business without requiring shareholder approval, and a maximum aggregate amount of \$25,000 may also be advanced as a non-refundable deposit, unsecured deposit or advance to a Vendor or Target Company, as the case may be, to preserve assets without the prior acceptance of the Exchange. There can be no assurance that the Corporation will be able to recover any such loans and advances.

As a result of these factors which are not all-inclusive, this Offering is suitable only to investors who are willing to rely solely on management of the Corporation and who can afford to lose their entire investment. Those investors who are not prepared to do so should not invest in the Common Shares. See "Risk Factors".

THE CORPORATION

The Corporation was incorporated under the *Business Corporations Act* (Ontario) (the “**OBCA**”) on July 26, 2007. The head office and the registered office of the Corporation are located at 250 Yonge Street, Suite 2400, Toronto, Ontario M5B 2M6.

BUSINESS OF THE CORPORATION

Preliminary Expenses

To date, the Corporation has incurred or accrued administrative or development expenses of approximately \$71,000, representing the costs of incorporation and organization, filing fees, insurance costs, legal and auditing fees and expenses. The Corporation has incurred expenses of approximately \$30,000 since the date of the Corporation’s balance sheet included in this prospectus, representing filing fees, insurance costs, legal and auditing fees and expenses. Part of the net proceeds of the Offering may be utilized to satisfy the obligations of the Corporation related to this Offering, including the expenses of its auditors and legal counsel. See “Use of Proceeds”.

Proposed Operations until Completion of a Qualifying Transaction

The Corporation proposes to identify and evaluate businesses and assets with a view to completing a Qualifying Transaction. Any proposed Qualifying Transaction must be accepted by the Exchange and in the case of a Non-Arm’s Length Qualifying Transaction is also subject to Majority of the Minority Approval in accordance with the CPC Policy. The Corporation has not conducted commercial operations other than to enter into discussions for the purpose of identifying potential acquisitions or interests and does not own any assets, other than cash. The Corporation currently anticipates pursuing a Qualifying Transaction primarily through the acquisition of real property, focusing primarily on the commercial, industrial and institutional sectors; **however, there is no assurance that a Qualifying Transaction will involve the acquisition of such assets or businesses, be in any such sectors, or be successfully completed.** See “Potential Qualifying Transactions”.

Until Completion of a Qualifying Transaction, the Corporation will not carry on any business other than the identification and evaluation of businesses or assets with a view to completing a potential Qualifying Transaction. With the consent of the Exchange and of the applicable securities regulatory authorities, this may include the raising of additional funds in order to finance an acquisition. Except as described under “Use of Proceeds - Private Placements for Cash”, “Use of Proceeds - Permitted Use of Funds” and “Use of Proceeds - Restrictions on Use of Proceeds”, the funds raised pursuant to this Offering and any subsequent financing will be utilized only for the identification and evaluation of potential Qualifying Transactions and not for any deposit, loan or direct investment in a potential acquisition.

Although the Corporation has commenced the process of identifying potential acquisitions with a view to completing a Qualifying Transaction, the Corporation has not yet entered into an Agreement in Principle.

Method of Financing

The Corporation may use either cash, bank financing, other secured or unsecured loans, the issuance of treasury shares or other securities, private or public financing, or a combination thereof, for the purpose of financing its proposed Qualifying Transaction. **A Qualifying Transaction financed by the issue of treasury shares or other securities could result in a change in the control of the Corporation and may cause the shareholders’ interest in the Corporation to be further diluted.**

Criteria for a Qualifying Transaction

The board of directors of the Corporation must approve any proposed Qualifying Transaction. In exercising their powers and discharging their duties in relation to a proposed Qualifying Transaction, the directors will act honestly and in good faith with a view to the best interests of the Corporation and will exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances. All potential acquisitions will be screened initially by management of the Corporation to determine their economic viability. The board of directors will examine proposed acquisitions having regard to sound business fundamentals, utilizing the expertise and experience of the directors.

Process of Identification of a Qualifying Transaction

The Corporation proposes to identify acquisitions of interests in assets or businesses through discussions with various contacts of certain of the officers and directors of the Corporation. Once a prospective acquisition target has been identified and evaluated, the Corporation will proceed to negotiate the terms upon which it may acquire an interest in the assets or business.

EXCHANGE REQUIREMENTS

Filings and Shareholder Approval of a Non-Arm's Length Qualifying Transaction

Upon the Corporation reaching an Agreement in Principle, the Corporation must issue a comprehensive news release, at which time the Exchange generally will halt trading in the Corporation's Common Shares until the filing requirements of the Exchange have been satisfied as set forth under "Exchange Requirements - Trading Halts, Suspensions and Delisting". Within 75 days after issuance of such news release, the Corporation shall be required to submit for review to the Exchange and the applicable securities regulatory authorities either an information circular that complies with applicable corporate and securities laws or a filing statement that complies with Exchange requirements. An information circular must be submitted where there is a Non-Arm's Length Qualifying Transaction or where shareholders' approval is otherwise required. A filing statement must be submitted where the Qualifying Transaction is not a Non-Arm's Length Qualifying Transaction or where shareholders' approval is not otherwise required to be obtained. The information circular or filing statement, as applicable, must contain prospectus level disclosure of the assets or business to be acquired and the Corporation, assuming Completion of the Qualifying Transaction, and be prepared in accordance with the CPC Policy and Form 3B1, in the case of an information circular, or Form 3B2, in the case of a filing statement. Upon acceptance by the Exchange and the applicable securities regulatory authorities, the Corporation must then either:

- (a) publicly file the filing statement on SEDAR at least seven business days prior to closing the Qualifying Transaction, and issue a news release which discloses the scheduled closing date for the Qualifying Transaction as well as the fact that the filing statement is available on SEDAR; or
- (b) mail the information circular and related proxy material to its shareholders in order to obtain the Majority of the Minority Approval of the Qualifying Transaction or other required approval, at a meeting of shareholders.

Unless waived by the Exchange, the Corporation will also be required to retain a Sponsor, who must be a member of the Exchange, and who will be required to submit to the Exchange a report prepared in accordance with the applicable policies of the Exchange; the Agent has agreed to serve as Sponsor, if required. The Corporation will no longer be considered to be a CPC upon the Exchange having issued the Final Exchange Bulletin. The Exchange will generally not issue the Final Exchange Bulletin until the Exchange has received:

- (a) in the case of a Non-Arm's Length Transaction, confirmation of Majority of Minority Approval of the Qualifying Transaction;
- (b) confirmation of closing of the Qualifying Transaction; and
- (c) all post-meeting or final documentation, as applicable, otherwise required to be filed with the Exchange pursuant to the CPC Policy.

Upon issuance of the Final Exchange Bulletin, the CPC Policy will generally cease to apply, with the exception of the escrow provisions of the CPC Policy and the restrictions in the CPC Policy precluding the Corporation from completing a reverse take-over for a period of one year from the Completion of the Qualifying Transaction.

Potential Qualifying Transaction

The Corporation anticipates focusing on developing a Qualifying Transaction primarily through the acquisition of real property, focusing primarily on the commercial, industrial and institutional sectors. The Corporation has had preliminary discussions with several businesses to determine whether there is a mutual interest in the Corporation concluding an acquisition. None of these discussions have progressed to the point where the Corporation has an Agreement in Principle or where any particular acquisition would be described as probable.

Minimum Listing Requirements

The Resulting Issuer must satisfy the Exchange's minimum listing requirements for the particular industry sector in either Tier 1 or Tier 2 as prescribed under the applicable policies of the Exchange.

Trading Halts, Suspension and Delisting

The Exchange will generally halt trading in the Common Shares from the date of the public announcement of an Agreement in Principle until all filing requirements of the Exchange have been satisfied, which includes the submission of a Sponsorship Acknowledgement Form, where the Qualifying Transaction is subject to sponsorship. In addition, personal information forms for all individuals who may be directors, senior officers, promoters or Insiders of the Resulting Issuer must be filed with the Exchange and any preliminary background searches that the Exchange considers necessary or advisable must also be completed before the trading halt will be lifted by the Exchange. Even if all filing requirements have been satisfied and preliminary background checks completed, the Exchange may continue or reinstate a halt in trading of the Common Shares for public policy reasons including:

- (a) the unacceptable nature of the business of the Resulting Issuer; or
- (b) the number of conditions precedent to, or the nature and number of deficiencies required to be resolved prior to, Completion of the Qualifying Transaction, are so significant or numerous as to make it appear to the Exchange that the halt should be reinstated or continued.

A trading halt may also be imposed by the Exchange where the Corporation fails to file the supporting documents relating to the Qualifying Transaction within a period of 75 days after public announcement of the Agreement in Principle or if the Corporation fails to file post-meeting or final documents, as applicable, within the time required. A trading halt may also be imposed if a Sponsor terminates its sponsorship.

The Exchange may suspend from trading or delist the Common Shares where the Exchange has not issued a Final Exchange Bulletin to the Corporation within 24 months of the date of listing. If the Common Shares are delisted by the Exchange, then within 90 days from the date of such delisting, the Corporation shall wind up and liquidate its assets pursuant to the OBCA and shall make a *pro rata* distribution of its remaining assets to its shareholders unless, within that 90 day period and pursuant to a majority vote of shareholders, exclusive of the votes of Non-Arm's Length Parties to the Corporation, the shareholders determine to deal with the remaining assets in some other manner. See "Exchange Requirements - Filings and Shareholders' Approval of a Non-Arm's Length Qualifying Transaction".

Refusal of Qualifying Transaction

The Exchange, in its sole discretion, may not accept a Qualifying Transaction where:

- (a) the Resulting Issuer fails to satisfy the applicable minimum listing requirements of the Exchange;
- (b) the aggregate number of securities of the Resulting Issuer owned, directly or indirectly, by:
 - (i) a member firm of the Exchange;
 - (ii) registrants, unregistered corporate finance professionals, employee shareholders and partners of such member firm; and
 - (iii) Associates of any such person,collectively, would exceed 20% of the issued and outstanding securities of the Resulting Issuer;
- (c) the Resulting Issuer will be a financial institution, finance company, finance issuer or mutual fund, as defined in the securities legislation;
- (d) the majority of the directors and senior officers of the Resulting Issuer are not residents of Canada or the United States or are individuals who have not demonstrated positive association as directors or officers with public companies that are subject to a regulatory regime comparable to the companies listed on a Canadian exchange;
- (e) in the case of a Resulting Issuer that is a reporting issuer in Ontario, other than an oil and gas or mining issuer, the Qualifying Transaction involves the acquisition of Significant Assets outside of Canada or the United States and is not undertaken using a prospectus as the disclosure document; or
- (f) notwithstanding the definition of a Qualifying Transaction, there is any other reason for denying acceptance of the Qualifying Transaction.

USE OF PROCEEDS

Proceeds and Principal Purposes

The gross proceeds to be received by the Corporation from the sale of the Common Shares offered by this prospectus will be \$700,000 and will be in addition to the gross proceeds of \$315,000 received by the Corporation from the sale of 3,150,000 Common Shares prior to the date of this prospectus (the "**Seed Offering**"). The expenses and costs of this Offering and the Seed Offering will be deducted from the aggregate gross proceeds thereof.

The following table sets forth the principal sources and proposed uses of the funds available to the Corporation upon the completion of this Offering:

(1) See "Prior Sales".

(2) In the event that the directors and officers exercise their respective options, there will be available to the Corporation an additional \$77,000, which will be added to the working capital of the Corporation. There is no assurance that any of these options will be exercised.

(3) Of this amount, approximately \$71,000 has been incurred to date, with approximately \$41,000 having been incurred prior to the date of the Corporation's balance sheet as at September 30, 2007, and an additional \$30,000 having been incurred subsequent to September 30, 2007. See "Business of the Corporation - Preliminary Expenses" and the Corporation's balance sheet as at September 30, 2007.

(4) In the event that the Corporation enters into an Agreement in Principle prior to spending the entire amount of funds available for identifying and evaluating assets or business prospects, the remaining funds may be used to finance or partially finance the acquisition of Significant Assets or for working capital after Completion of the Qualifying Transaction.

Until required for the Corporation's purposes, the proceeds will be invested only in securities of, or those guaranteed by, the Government of Canada or any Province or Territory of Canada or the Government of the United States of America, in certificates of deposit or interest-bearing accounts of Canadian banks, trust companies or credit unions.

The proceeds from this Offering and any prior sale of Common Shares, after deducting the expenses associated with this Offering, will be sufficient only to identify and evaluate a limited number of assets and businesses, and additional funds may be required to finance any acquisition to which the Corporation may commit.

Permitted Use of Funds

Until the Completion of the Qualifying Transaction and except as otherwise specifically provided by the CPC Policy and described in "Restrictions on Use of Proceeds", "Private Placements for Cash," and "Prohibited Payments to Non-Arm's Length Parties" below, the gross proceeds realized from the sale of all securities issued by the Corporation will be used by the Corporation only to identify and evaluate businesses or assets and, if necessary, obtain shareholder approval for a proposed Qualifying Transaction.

The proceeds may be used for expenses incurred for the preparation of: (a) valuations or appraisals; (b) business plans; (c) feasibility studies and technical assessments; (d) sponsorship reports; (e) engineering or geological reports; (f) financial statements, including audited financial statements; (g) fees for legal and accounting services; and (h) Agent's fees, costs and commissions, relating to the identification and evaluation of assets or businesses and the obtaining of shareholder approval, if applicable, for the Corporation's proposed Qualifying Transaction.

In addition, with the prior acceptance of the Exchange, up to an aggregate of \$225,000 may be advanced as a refundable deposit or secured loan by the Corporation to a Vendor or Target Company, as the case may be, for a proposed arm's length Qualifying Transaction that has been publicly announced at least 15 days prior to the date of such advance, if due diligence with respect to the Qualifying Transaction is well underway and either a Sponsor has been engaged or sponsorship has been waived. A maximum aggregate amount of \$25,000 may also be advanced as a non-refundable deposit, unsecured deposit or advance to a Vendor or Target Company, as the case may be, to preserve assets without the prior acceptance of the Exchange.

Restrictions on Use of Proceeds

Subject to approval by the Exchange, until Completion of a Qualifying Transaction, not more than the lesser of 30% of the gross proceeds from the sale of all securities issued by the Corporation and \$210,000 will be used for purposes other than those described above. For greater certainty, expenditures which are not included as "Permitted Uses of Funds" listed above include: (a) listing and filing fees (including SEDAR fees); (b) other costs for the issuance of securities (including legal, accounting and audit expenses) relating to the preparation and filing of this prospectus; and (c) administrative and general expenses of the Corporation, including: (i) office supplies, office rent and related utilities; (ii) printing costs (including the printing of this prospectus and share certificates); (iii) equipment leases; and (iv) fees for legal advice and audit expenses, other than those described above under "Permitted Use of Funds". No proceeds will be used to acquire or lease a vehicle.

Private Placements for Cash

After the closing of the Offering and until the Completion of the Qualifying Transaction, the Corporation will not issue any securities unless written acceptance of the Exchange is obtained before issuance. Prior to the Completion of the Qualifying Transaction, the Exchange generally will not accept a private placement by the Corporation where the gross proceeds raised from the issuance of securities both prior to and pursuant to the Offering, together with any proceeds anticipated to be raised upon closing of the private placement, will exceed \$2,000,000. The only securities issuable pursuant to such a private placement will be Common Shares. Subject to certain limited exceptions, any Common Shares issued pursuant to the private placement to Non-Arm's Length Parties to the Corporation and to Principals of the Resulting Issuer will be subject to escrow.

Prohibited Payments to Non-Arm's Length Parties

Except as described under "Options to Purchase Securities" and "Restrictions on Use of Proceeds", the Corporation has not made, and until the Completion of the Qualifying Transaction will not make, any payment of any kind, directly or indirectly, to a Non-Arm's Length Party to the Corporation or a Non-Arm's Length Party to the Qualifying Transaction, or to a Person engaged in investor relations activities, by any means, including: (a) remuneration, which includes but is not limited to salaries, consulting fees, management contract fees or directors' fees, finders' fees, loans, advances and bonuses; and (b) deposits and similar payments. Further, no such payment will be made on or after the Completion of the Qualifying Transaction if such payment relates to services rendered or obligations incurred prior to or in connection with the Qualifying Transaction.

Notwithstanding the foregoing, the Corporation may reimburse a Non-Arm's Length Party to the Corporation for reasonable expenses for office supplies, office rent and related utilities, equipment leases (excluding vehicle leases) and legal services (provided that neither the lawyer providing the legal services nor any member of the law firm providing the services is a promoter of the Corporation or in the case of a law firm, no member of the firm owns more than 10% of the outstanding Common Shares), and the Corporation may also reimburse a Non-Arm's Length Party to the Corporation for reasonable out-of-

pocket expenses incurred in pursuing the business of the Corporation described in “Permitted Use of Funds”.

The foregoing restrictions on the use of proceeds and prohibitions on payments to Non-Arm’s Length Parties and Persons engaged in investor relations activities continue to apply until the Completion of the Qualifying Transaction.

PLAN OF DISTRIBUTION

Name of Agent and Agent’s Compensation

Pursuant to the Agency Agreement, the Corporation has appointed the Agent as its agent to offer, on a best efforts basis, for distribution to the public 3,500,000 Common Shares, as provided in this prospectus, at a price of \$0.20 per Common Share, for gross proceeds of \$700,000, subject to the terms and conditions in the Agency Agreement. The Agent will receive a commission equal to 6.0% of the aggregate gross proceeds from the sale of the Common Shares. The Agent has not been granted any option to subscribe for additional Common Shares in connection with this Offering.

Other than as described in this prospectus, there are no payments in cash, securities or other consideration being made, or to be made, to a promoter, finder or any other Person in connection with the Offering. The Offering will be made in accordance with the rules and policies of the Exchange and with the consent of the Exchange. The closing of the Offering will take place at such time as the Corporation and the Agent may agree, provided that the conditions for closing have been met.

The Agent has agreed to use its best efforts to secure subscriptions for all of the Common Shares offered hereunder on behalf of the Corporation and may make co-brokerage arrangements with other investment dealers at no additional cost to the Corporation. The obligations of the Agent under the Agency Agreement may be terminated at its discretion on the basis of its assessment of the state of financial markets or upon the occurrence of certain events as stated in the Agency Agreement.

Best Efforts Offering and Minimum Distribution

The Offering is for 3,500,000 Common Shares at a price of \$0.20 per share for total gross proceeds of \$700,000. Under the CPC Policy, no purchaser of the Common Shares is permitted to purchase more than 2% of the total number of Common Shares in the Offering, representing 70,000 Common Shares. In addition, the maximum number of Common Shares permitted to be purchased by that purchaser together with any Associates or Affiliates of that purchaser is 4% of the total number of Common Shares under the Offering, representing 140,000 Common Shares. The funds received from the Offering will be held by the Agent and will not be released until \$700,000 has been deposited. A subscription of 3,500,000 Common Shares for aggregate gross proceeds of \$700,000 must be raised within 90 days of the date a receipt for the prospectus is issued, or such other time as may be authorized by the Commissions and consented to by Persons who subscribed within that period, failing which the Agent will remit the funds collected to the original subscribers without interest or deduction, unless subscribers have otherwise instructed the Agent.

Subject to (i) compliance with any applicable client priority rule, and (ii) the restrictions applicable to all purchasers to the Offering described under “Plan of Distribution - Offering Amount”, such participants are permitted to subscribe for Common Shares pursuant to this Offering.

Restrictions on Trading

Other than the initial distribution of the Common Shares pursuant to this prospectus and the grant of options to the directors and officers of the Corporation, no securities of the Corporation will be permitted to be issued during the period between the date a receipt for the preliminary prospectus in respect of this Offering is issued by the Commissions and the time the Common Shares are listed for trading on the Exchange, except subject to prior acceptance of the Exchange, where appropriate registration and prospectus exemptions are available under securities legislation or where the applicable securities regulatory authorities grant a discretionary order.

Stock Option Plan

The board of directors of the Corporation intends to adopt the Stock Option Plan. Under the Stock Option Plan, the board of directors of the Corporation may from time to time, in its discretion, and in accordance with the Exchange requirements, grant to directors, officers, employees and consultants of the Corporation, non-transferable options to purchase Common Shares, or such other shares as may be substituted therefor, exercisable for a period of up to five years from the date of grant. Except as otherwise agreed by the administrators of the Stock Option Plan, so long as the Common Shares are then listed and posted for trading on the Exchange, the exercise price per Common Share of each option shall be no lower than the greater of \$0.20 and the Discounted Market Price (as determined under the applicable policies of the Exchange).

The number of Common Shares reserved for issuance under the Stock Option Plan is equal to 10% of the issued and outstanding Common Shares from time to time, except that so long as the Corporation remains a CPC, the number of Common Shares reserved for issuance under the Stock Option Plan is limited to 10% of the issued and outstanding Common Shares upon the closing of the Offering. The aggregate number of Common Shares reserved for issuance to any one individual under the Stock Option Plan will not exceed 5% of the issued and outstanding Common Shares, the aggregate number of Common Shares reserved for issuance to any one consultant under the Stock Option Plan will not exceed 2% of the issued and outstanding Common Shares and the aggregate number of Common Shares reserved for issuance to all individuals employed to provide investor relations activities under the Stock Option Plan will not exceed 2% of the issued and outstanding Common Shares.

Options must be exercised no later than 90 days (30 days in the case of individuals employed to provide investor relations activities) following cessation of the optionee's position with or provision of services to the Corporation, provided that if the cessation of such position or services was by reason of death, the option may be exercised within a maximum period of one year after such death, subject to the expiry date of such option.

If an optionee shall cease to be a director or officer of the Corporation upon the Corporation successfully completing its Qualifying Transaction, then all unexercised options granted to such optionee shall expire one year from the date of the Final Exchange Bulletin issued by the Exchange in connection with such Qualifying Transaction. In the event that any options granted to such optionee are subject to vesting provisions, those options will automatically vest as at the date of the Final Exchange Bulletin. Any Common Shares acquired pursuant to the exercise of options prior to the Completion of the Qualifying Transaction must be deposited in escrow and will be subject to escrow until the Final Exchange Bulletin is issued. See "Escrow Securities".

There are additional restrictions contained in the Stock Option Plan which apply while the Corporation remains a CPC. In particular, so long as the Corporation remains a CPC, the following shall apply:

- (a) stock options under the Stock Option Plan or any other plan of the Corporation shall only be granted to directors, officers and technical consultants of the Corporation;
- (b) stock options granted under the Stock Option Plan or any other plan of the Corporation shall only entitle the holder to acquire Common Shares;
- (c) the number of Common Shares reserved for issuance to all technical consultants under the Stock Option Plan or any other plan of the Corporation shall not exceed 2% of the issued and outstanding Common Shares;
- (d) the Corporation is prohibited from granting options to any Person providing investor relations activities, promotional or market-making services; and

ESCROWED SECURITIES

Securities Escrowed Prior to the Completion of the Qualifying Transaction

All Common Shares issued prior to this Offering at a price below \$0.20 per Common Share, all Common Shares that may be acquired by Non-Arm's Length Parties of the Corporation either under the Offering or otherwise prior to Completion of the Qualifying Transaction and all Common Shares acquired by members of the Aggregate Pro Group prior to this Offering will be deposited with Computershare Investor Services Inc. under an escrow agreement dated December 14, 2007 (the "**Escrow Agreement**").

All Common Shares acquired on exercise of stock options prior to the completion of a Qualifying Transaction must also be deposited in escrow and will be subject to escrow until the Final Exchange Bulletin is issued. In addition, all Common Shares acquired in the secondary market prior to the completion of a Qualifying Transaction by any Person who becomes a Control Person are required to be deposited in escrow. Subject to certain exemptions permitted by the Exchange, all securities of the Corporation held by Principals of the Resulting Issuer will also be escrowed.

The following table sets out, as at the date hereof, the number of Common Shares held in escrow.

Name and municipality of residence of shareholder	Common Shares Held	Number of Common Shares held in escrow	Percentage of Common Shares prior to giving effect to the Offering⁽¹⁾	Percentage of Common Shares after giving effect to Offering⁽¹⁾

- (1) Assuming that no Common Shares are purchased by these shareholders under this Offering and before the exercise of any stock options.
- (2) Counsel Corporation is a publicly-listed corporation whose common shares are listed and posted for trading on The Toronto Stock Exchange under the trading symbol "CXS".
- (3) The 300,000 Common Shares are held by Morris Perlis indirectly through Morris Perlis & Associates Inc., a company of which Morris Perlis is the sole shareholder. All such 300,000 Common Shares will be required to be held in escrow in accordance with the Exchange's policy applicable to a holding company, as described hereinafter.
- (4) This column, based on the individual percentages set out herein, does not add up to exactly 100.00% due to the rounding to two decimal places only of the individual percentages.

Where the Common Shares that are required to be held in escrow are held by a non-individual (a “**holding company**”), each holding company pursuant to the Escrow Agreement has agreed, or will agree, not to carry out any transactions during the currency of the Escrow Agreement which would result in a change of control of the holding company, without the consent of the Exchange. Any holding company must sign an undertaking to the Exchange that, to the extent reasonably possible, it will not permit or authorize any issuance of securities or transfer of securities that could reasonably result in a change of control of the holding company. In addition, the Exchange may require an undertaking from any Control Person of the holding company not to transfer the shares of that company.

Under the Escrow Agreement, 10% of the escrowed Common Shares will be released from escrow on the issuance of the Final Exchange Bulletin (the “**Initial Release**”) and an additional 15% will be released on the dates six months, 12 months, 18 months, 24 months, 30 months and 36 months following the Initial Release.

If the Resulting Issuer meets the Exchange’s Tier 1 minimum listing requirements either at the time the Final Exchange Bulletin is issued or subsequently, the release of the escrowed Common Shares will be accelerated. An accelerated escrow release will not commence until the Resulting Issuer has made application to the Exchange for listing as a Tier 1 issuer and the Exchange has issued a bulletin that announces the acceptance for listing of the Resulting Issuer on Tier 1 of the Exchange.

The Exchange’s prior consent must be obtained before a transfer within escrow of escrowed Common Shares. Generally, the Exchange will only permit a transfer within escrow to be made to incoming Principals in connection with a proposed Qualifying Transaction.

If the Final Exchange Bulletin is not issued, the escrowed Common Shares will not be released. Under the Escrow Agreement, each Non-Arm’s Length Party to the Corporation who holds escrowed Common Shares acquired at a price below the Offering price under this prospectus has irrevocably authorized and directed Computershare Investor Services Inc. to immediately:

- (a) cancel all of those escrowed Common Shares upon the issuance by the Exchange of a bulletin delisting the Common Shares; or
- (b) if the Corporation lists on NEX, either:
 - (i) cancel all Seed Shares purchased by Non-Arm’s Length Parties to the Corporation at a discount from the IPO price, namely \$0.20 per Common Share, in accordance with Section 11.2(a) of the CPC Policy, or
 - (ii) subject to majority shareholder approval, cancel an amount of Seed Shares purchased by Non-Arm’s Length Parties to the Corporation so that the average cost of the remaining Seed Shares is at least equal to \$0.20.

Escrowed Securities On Qualifying Transaction

Generally, if at least 75% of the securities issued pursuant to the Qualifying Transaction are “Value Securities”, then all the securities issued to Principals of the Resulting Issuer pursuant to the Qualifying Transaction will be deposited into escrow pursuant to a value security escrow agreement (the “**Value Security Escrow Agreement**”).

However, if at least 75% of the securities issued pursuant to the Qualifying Transaction are not Value Securities, all securities issued pursuant to the Qualifying Transaction will be deposited into a surplus security escrow agreement (a “**Surplus Security Escrow Agreement**”).

The principal distinction between a Value Security Escrow Agreement and a Surplus Security Escrow Agreement is the time period for release of securities from escrow. In the case of a Resulting Issuer that will be a Tier 2 issuer when the Final Exchange Bulletin is issued, the Value Security Escrow Agreement provides for a three year escrow release mechanism with 10% of the escrowed securities being releasable at the time of the Final Exchange Bulletin, and 15% of the escrowed securities being releasable every six months thereafter, on each of the six, 12, 18, 24, 30 and 36 month anniversaries of the Final Exchange Bulletin. In the case of a Resulting Issuer that will be a Tier 2 Issuer, when the Final Exchange Bulletin is issued, the Surplus Security Escrow Agreement provides for a six year escrow release mechanism with: (a) 5% of the escrowed securities being releasable in six month intervals on each of the six, twelve, 18 and 24 month anniversaries of the Final Exchange Bulletin; and (b) 10% of the escrowed securities being releasable in six month intervals on each of the 30, 36, 42, 48, 54, 60, 66 and 72 month anniversaries of the Final Exchange Bulletin.

In the case of a Resulting Issuer that will be a Tier 1 issuer when the Final Exchange Bulletin is issued, the Value Security Escrow Agreement provides for an 18 month escrow release mechanism with 25% of the escrowed securities being releasable at the time of the Final Exchange Bulletin, with 25% of the escrowed securities being releasable every six months thereafter. In the case of a Resulting Issuer that will be a Tier 1 issuer when the Final Exchange Bulletin is issued, the Surplus Security Escrow Agreement provides for a three year escrow release mechanism with: (a) 10% of the escrowed securities being releasable upon the issuance of the Final Exchange Bulletin; and (b) 15% of the escrowed securities being releasable in six month intervals on each of the six, 12, 18, 24, 30 and 36 month anniversaries of the Final Exchange Bulletin.

Counsel Corporation will not receive any compensation in its capacity as promoter of the Corporation. See “Principal Shareholders” and “Options to Purchase Securities”.

Corporate Cease Trade Orders or Bankruptcies

Dr. Bart was formerly a director of Eagle Precision Technologies Inc. (“**Eagle**”). In mid-1999, Eagle experienced significant financial difficulties and on November 10, 1999, applied to the Ontario Superior Court of Justice (the “**Ontario Court**”) under the provisions of the *Companies’ Creditors Arrangement Act* (Canada) (the “**CCAA**”). A plan of compromise and arrangement under the CCAA was filed by Eagle with the Ontario Court and was subsequently approved by the requisite majority of Eagle’s creditors and shareholders and by the Ontario Court. The plan was implemented effective June 23, 2000. Dr. Bart resigned as a director of Eagle in June 2000.

Other than as described above, during the past 10 years, none of the directors, officers, Insiders or the promoter of the Corporation or a shareholder holding a sufficient number of securities of the Corporation

to affect materially the control of the Corporation, was a director, officer, Insider or promoter of any other issuer that, while that Person was acting in that capacity, was the subject of a cease trade order or similar order or an order that denied that issuer access to any exemptions under applicable securities legislation for a period of more than 30 consecutive days, or became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangements or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold the assets of that Person.

Penalties or Sanctions

None of the directors, officers, Insiders or the promoter of the Corporation or a shareholder holding a sufficient number of securities of the Corporation to affect materially the control of the Corporation, has been subject to any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with securities regulatory authority, or has been subject to any other penalties or sanctions imposed by a court or regulatory body or self-regulatory authority that would likely be considered important to a reasonable investor in making an investment decision.

Personal Bankruptcies

None of the directors, officers, Insiders or the promoter of the Corporation or a shareholder holding a sufficient number of securities of the Corporation to affect materially the control of the Corporation, or a personal holding company of any such person has, within the 10 years before the date of this prospectus, as applicable, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or been subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold its assets.

EXECUTIVE COMPENSATION

Remuneration

Except as set out below or otherwise permitted by the CPC Policy and disclosed in this prospectus, prior to completion of a Qualifying Transaction, no payment of any kind has been made, or will be made, directly or indirectly, by the Corporation to a Non-Arm's Length Party to the Corporation or a Non-Arm's Length Party to the Qualifying Transaction, or to any Person engaged in investor relations activities in respect of the securities of the Corporation or any Resulting Issuer by any means, including: (a) remuneration, which includes but is not limited to: (i) salaries; (ii) consulting fees; (iii) management contract fees or directors' fees; (iv) finders fees; (v) loans, advances, bonuses; and (b) deposits and similar payments.

However, the Corporation may reimburse Non-Arm's Length Parties for the Corporation's reasonable allocation of rent, secretarial services and other general administrative expenses, at fair market value ("**Permitted Reimbursement**"). No reimbursement may be made for any payment made to lease or buy a vehicle. Since its incorporation, the Corporation has not incurred any such expenses.

The Corporation has reserved 385,000 Common Shares for stock options to be issued to the directors and officers of the Corporation at the closing of the Offering pursuant to the Corporation's Stock Option Plan. See "Options to Purchase Securities".

Following Completion of the Qualifying Transaction, it is anticipated that the Corporation will pay compensation to its directors and officers. However, no payment other than the Permitted Reimbursements will be made by the Corporation or by any party on behalf of the Corporation after

Completion of the Qualifying Transaction if the payment relates to services rendered or obligations incurred or in connection with the Qualifying Transaction.

DILUTION

Purchasers of Common Shares under this prospectus will suffer an immediate dilution of approximately \$0.05 per Common Share or 24%, prior to deduction of selling commissions and related expenses. Dilution has been computed on the basis of total gross proceeds to be raised by this prospectus (based on 3,500,000 Common Shares being offered at a price of \$0.20 per share, for gross proceeds of \$700,000) and from sales of securities prior to filing this prospectus (based on 3,150,000 Common Shares having been issued at a price of \$0.10 per share, for aggregate gross proceeds of \$315,000), in each case without deduction of commissions or related expenses incurred by the Corporation.

RISK FACTORS

The following is a list of risk factors that a prospective investor should consider before subscribing for Common Shares, which list is not exhaustive:

Recent Incorporation and Payment of Dividends

The Corporation was only recently incorporated, has not commenced commercial operations and has no assets other than cash. It has no history of earnings, and will not generate earnings or pay dividends until at least after Completion of the Qualifying Transaction, if ever.

Nature of Business

Investment in the Common Shares offered by the prospectus is highly speculative given the proposed nature of the Corporation's business and its present stage of development.

Directors, Officers and Conflicts of Interest

The directors and officers of the Corporation will devote only a portion of their time and attention to the business and affairs of the Corporation. Some or all of the directors and officers of the Corporation have been, are, or will be engaged in other projects or businesses such that conflicts of interest may arise from time to time. See "Directors, Officers and Promoter" and "Conflicts of Interests".

Dilution

Assuming completion of the Offering, investors will suffer an immediate dilution to their investment of approximately \$0.05 per Common Share or 24%, prior to deduction of selling commissions and related expenses. See "Dilution".

Absence of Liquid Market

There can be no assurance that an active and liquid market for the Common Shares will develop and an investors may find it difficult to resell their Common Shares.

Limitations on Business

Until Completion of a Qualifying Transaction, the Corporation is not permitted to carry on any business other than the identification and evaluation of potential Qualifying Transactions.

Limited Funds

The Corporation has only limited funds with which to identify and evaluate potential Qualifying Transactions and there can be no assurance that the Corporation will be able to identify a suitable Qualifying Transaction.

Completion of Qualifying Transaction

Even if a proposed Qualifying Transaction is identified, there can be no assurance that the Corporation will be able to successfully complete the transaction.

In addition, completion of a Qualifying Transaction is subject to a number of conditions including acceptance by the Exchange and, in the case of a Non-Arm's Length Qualifying Transaction, Majority of the Minority Approval.

Absence of Right to Dissent

Unless the shareholder has the right to dissent and be paid fair value in accordance with applicable corporate or other law, a shareholder who votes against a proposed Non-Arm's Length Qualifying Transaction for which Majority of the Minority Approval by shareholders has been given, will have no right to dissent and no entitlement to payment by the Corporation of the fair value for the Common Shares.

Halts in Trading

Upon public announcement of a proposed Qualifying Transaction, trading in the Common Shares will be halted and will remain halted for an indefinite period of time, typically until a Sponsor has been retained and certain preliminary reviews have been conducted. The Common Shares will be reinstated to trading before the Exchange has reviewed the transaction and before the Sponsor has completed its full review. Reinstatement to trading provides no assurance with respect to the merits of the transaction or the likelihood of the Corporation completing the proposed Qualifying Transaction.

In addition, trading in the Common Shares of the Corporation may be halted at other times for other reasons, including for failure by the Corporation to submit documents to the Exchange in the time periods required.

Suspension of Trading or Delisting

The Exchange will generally suspend trading in the Common Shares or delist the Corporation in the event that the Exchange has not issued a Final Exchange Bulletin within 24 months from the date of listing.

Merits of the Qualifying Transaction

Neither the Exchange nor any securities regulatory authority passes or will pass upon the merits of any proposed Qualifying Transaction.

Foreign Business

In the event that management of the Corporation resides outside of Canada or the Corporation identifies a foreign business or assets as a proposed Qualifying Transaction, investors may find it difficult or impossible to effect service or notice to commence legal proceedings upon any management resident

outside of Canada or upon the foreign business or assets and may find it difficult or impossible to enforce against such Persons, business or assets, judgments obtained in Canadian courts.

Dilution upon Qualifying Transaction

The Qualifying Transaction may be financed in full or in part by the issuance of additional securities by the Corporation and this may result in further dilution to the investor, which dilution may be significant and which may also result in a change of control of the Corporation.

Recovery of Loans

Subject to prior Exchange acceptance, the Corporation may be permitted to loan or to advance as a refundable deposit up to an aggregate of \$225,000 of its proceeds to a target business without requiring shareholder approval, and a maximum aggregate amount of \$25,000 may also be advanced as a non-refundable deposit, unsecured deposit or advance to a Vendor or Target Company, as the case may be, to preserve assets without the prior acceptance of the Exchange. There can be no assurance that the Corporation will be able to recover any such loans and advances.

As a result of these factors, which are not all-inclusive, this Offering is suitable only to investors who are willing to rely solely on management of the Corporation and who can afford to lose their entire investment. Those investors who are not prepared to do so should not invest in the Common Shares.
