SOLICITATION OF PROXIES

The cost of soliciting proxies will be borne by the Corporation. In addition to solicitation by mail, certain officers and directors of the Corporation may solicit proxies by telephone or personally at nominal cost. Proxy-related materials will be sent by the Corporation to registered holders and intermediaries holding on behalf of non-registered security holders of the Corporation but not directly to such non-registered holders. The Corporation intends to pay for such intermediaries to deliver proxy-related materials and Form 54-101F7 (the request for voting instructions) to “objecting beneficial owners,” in accordance with National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer*.

SUBMISSION OF PROXIES

A registered shareholder wishing to be represented by proxy at the Meeting or any adjournment thereof must have deposited his or her duly executed form of proxy not later than 2:00 p.m. (Toronto time) on June 20, 2023, or, if the Meeting is adjourned, not later than 48 hours, excluding Saturdays, Sundays and holidays, preceding the time of such adjourned Meeting, at the offices of Computershare Investor Services Inc., 100 University Avenue, 9th Floor, Toronto, Ontario, M5J 2Y1 or as otherwise permitted pursuant to the instructions included on such form of proxy.

Registered shareholders who wish to attend the Meeting and vote in person should not complete or return the accompanying form of proxy. Such registered shareholders should register with Computershare Investor Services Inc. upon arrival at the Meeting and may be asked to present valid picture identification to gain admission to the Meeting.

MANNER PROXIES WILL BE VOTED

The shares represented by the properly submitted form of proxy will be voted in favour or against, or withheld from voting, in accordance with the instructions of the shareholder as indicated on such form on any ballot that may be called for at the Meeting and, where a choice is specified in respect of any matter to be acted upon, the shares will be voted in favour or against, or withheld from voting, accordingly. **IN THE ABSENCE OF SUCH A SPECIFICATION, SHARES REPRESENTED BY A PROXY WILL BE VOTED IN FAVOUR OR AGAINST, OR WITHHELD FROM VOTING, IN THE DISCRETION OF THE PERSONS DESIGNATED IN THE PROXY.**

The accompanying form of proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the accompanying Notice and with respect to

other matters which may properly come before the Meeting. At the date hereof, the management of the Corporation knows of no such amendments, variations, or other matters.

ALTERNATE PROXY

Each shareholder has the right to appoint a person or company other than the person named in the accompanying form of proxy, who need not be a shareholder, to attend and act for him or her and on his or her behalf at the Meeting or any adjournment thereof. Any shareholder wishing to exercise such right may do so by inserting in the blank space provided in the accompanying form of proxy the name of the person or company whom such shareholder wishes to appoint as a proxy or by duly completing another proper form of proxy, and duly depositing the same before the specified time.

REVOCABILITY OF PROXY

A registered shareholder giving a proxy has the power to revoke it. Such revocation may be made by the shareholder attending the Meeting, by the shareholder duly executing another form of proxy bearing a later date and duly depositing the same before the specified time, or by written instrument revoking such proxy executed by the shareholder or his or her attorney authorized in writing or, if the shareholder is a body corporate, under its corporate seal or by an officer or attorney thereof duly authorized and deposited either at the registered office of the Corporation, 22 St. Clair Avenue, Suite 200, Toronto, Ontario, M4T 2S3 at any time up to and including the last business day preceding the date of the Meeting or any adjournment thereof, or with the Chairman of the Meeting on the day of the Meeting or any adjournment thereof, or in any other manner permitted by law. If such written instrument is deposited with the Chairman of the Meeting on the day of the Meeting or any adjournment thereof, such instrument will not be effective with respect to any matter on which a vote has already been cast pursuant to such proxy.

ADVICE TO NON-REGISTERED HOLDERS

Only registered shareholders or duly appointed proxy holders are permitted to attend and vote at the Meeting. Most shareholders of the Corporation are “non-registered” shareholders because the shares they own are not registered in their names but are instead registered in the name of the brokerage firm, bank, or trust corporation through which they purchased the shares. A person is not a registered shareholder (a “**Non-Registered Holder**”) in respect of shares which are held either: (a) in the name of an intermediary (an “**Intermediary**”) that the Non-Registered Holder deals with in respect of the shares (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs, and similar plans); or (b) in the name of a clearing agency (such as CDS Clearing and Depository Services Inc. (“**CDS**”)), of which the Intermediary is a participant.

In accordance with the requirements of National Instrument 54-101 *Communication with Beneficial Owners of Securities of a Reporting Issuer* of the Canadian Securities Administrators, the Corporation has distributed copies of the notice of meeting and this management proxy circular (collectively, the “**Meeting Materials**”) to the clearing agencies and Intermediaries for onward distribution to Non-Registered Holders. Intermediaries are required to forward the Meeting Materials to Non-Registered Holders unless a Non-Registered Holder has waived the right to receive them. Generally, Non-Registered Holders who have not waived the right to receive Meeting Materials will either:

- (a) be given a form of proxy which has already been signed by the Intermediary (typically by a facsimile, stamped signature), which is restricted as to the number of shares beneficially owned by the Non-Registered Holder and must be completed, but not signed, by the Non-Registered Holder and deposited with Computershare Investor Services Inc.; or
- (b) more typically, be given a voting instruction form which is not signed by the Intermediary, and which, when properly completed and signed by the Non-Registered Holder and returned to the Intermediary or its service company, will constitute voting instructions which the Intermediary must follow.

In either case, the purpose of this procedure is to permit Non-Registered Holders to direct the voting of the shares which they beneficially own. Non-Registered Holders should submit voting instructions to Intermediaries in sufficient time to ensure that their votes are received from the Intermediaries by the Corporation.

Should a Non-Registered Holder who receives one of the above forms wish to vote at the Meeting in person, the Non-Registered Holder insert the Non-Registered Holder's name in the blank space provided in the accompanying form of proxy. Such Non-Registered Holders should register with Computershare Investor Services Inc. upon arrival at the Meeting and may be asked to present valid picture identification and proof of share ownership to gain admission to the Meeting. Non-Registered Holders should carefully follow the instructions of their Intermediary, including those regarding when and where the proxy or proxy authorization form is to be delivered.

A Non-Registered Holder may revoke previously given voting instructions by contacting his or her Intermediary and complying with any applicable requirements imposed by such Intermediary. An Intermediary may not be able to revoke voting instructions if it receives insufficient notice of revocation.

RECORD DATE FOR NOTICE AND VOTING

Only shareholders of record at the Record Date, being the close of business on May 18, 2023, need be mailed notice of the Meeting. A quorum for the transaction of business at any meeting of shareholders is two persons present in person, each being either a shareholder entitled to vote thereat or a duly appointed proxy for a shareholder so entitled. A holder of shares of record as at the Record Date will be entitled to vote such shares in person or by proxy at the Meeting (subject in the case of voting by proxy to the timely deposit of his or her executed form of proxy with Computershare Investor Services Inc. as specified in the notice of the Meeting).

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

General

The Corporation’s Board and senior management consider sound corporate governance policies and practices to be central to the effective and efficient operation of the Corporation. National Instrument 58-101 *Disclosure of*

Corporate Governance Practices (“NI 58-101”) requires the Corporation to disclose its corporate governance practices by providing in the Circular the disclosure required by Form 58-101F2. National Policy 58-201 *Corporate Governance Guidelines* (“NP 58-201”) provides corporate governance guidelines for consideration by all public companies. The Corporation has reviewed its own corporate governance practices in light of these guidelines.

The Board of Directors

The Board is currently composed of six directors and has the overall responsibility for the affairs of the Corporation, including those matters set out in applicable corporate and securities laws. The Board facilitates its exercise of independent supervision over the Corporation’s management through frequent meetings of the Board including meetings, or parts of meetings, at which only the independent members of the Board are present and through the leadership provided by the independent Lead Director. Further, the GCNC is composed entirely of independent directors, while the Audit Committee is composed of a majority of independent directors.

NP 58-201 recommends that the board of directors of every listed corporation should be constituted with a majority of individuals who qualify as “independent” directors within the meaning that term is given in NI 58-101, by reference to the applicable provisions of National Instrument 52-110 *Audit Committees* (“NI 52-110”). The applicable instruments provide that a director is “independent” if he or she has no direct or indirect “material relationship” with the Corporation, its subsidiaries, and controlling shareholder, if any. “Material relationship” is defined as a relationship which could, in the view of the Board, be reasonably expected to interfere with the exercise of a director’s independent judgment. Of the proposed nominees, Dov Meyer, as the Executive Chairman of the Corporation, is considered to be an executive officer of the Corporation and therefore is not considered to be “independent” of the Corporation within the meaning of NI 58-101. Each of the remaining four proposed nominees for election to the Board is considered by the Board to be “independent,” within the meaning of NI 58-101. In assessing director independence and making the foregoing determinations, the circumstances of each director have been examined in relation to a number of factors.

Directorships

None of the Corporation's current directors are directors of other reporting issuers.

Nomination of Directors and Compensation

Subject to the Investor Rights Agreement, the Board (through the GCNC) is responsible for recommending the director nominees to the Corporation’s shareholders for the next annual meeting of shareholders. In making its recommendations, the Board considers:

- a) the competencies and skills that the Board considers to be necessary for the Board, as a whole, to possess;
- b) the competencies and skills that the Board considers each existing director to possess (including the personality and other qualities of each director);
- c) the qualifications of potential candidates identified by members of the Board, shareholders, management and others and assesses the competencies and skills each new nominee will bring to the Board;
- d) the appropriate size of the Board, with a view to facilitating effective decision-making; and
- e) whether or not each nominee can devote sufficient time and resources to his or her duties as a Board member.

The Board has a process to monitor the performance of individual Board members and their contributions (see “- Board Evaluation and Skills Matrix Review”).

Orientation and Continuing Education

The Board ensures that, when vacancies occur, all new directors receive a comprehensive orientation to familiarize them with the Corporation and its business and the role of the Board, the Committees, and directors. The Board is responsible for ensuring new nominees understand the time commitment required of them as a director. Directors are provided with a copy of the Corporation's key policies, codes, and mandates. Management provides new directors with general information on the Corporation. The new directors are given the opportunity to meet with senior executives to improve their understanding of the Corporation's business. New directors also receive a record of public information about the Corporation, minutes from recent Board and Committee meetings, and other relevant information.

The Corporation encourages directors to attend conferences, seminars, or courses on subjects pertinent to their role on the Board or that are important to enhance their skills and abilities as directors and to further directors' knowledge and understanding of the nature and operation of the Corporation's business and affairs, with the cost of such programs being reimbursed by the Corporation. On an ongoing basis, senior management and the Board's advisors provide periodic presentations to the Board to ensure that directors are aware of our business and operations and industry trends and practices. Management also makes regular presentations to the Board on the Corporation's operations, business strategies, objectives and key issues.

The Board is to meet at least four times a year and more frequently as circumstances require. All members of the Board are expected to be at all meetings.

Board Evaluation and Skills Matrix Review

The Corporation has not adopted term limits as the Board ensures adequate board renewal through a variety of initiatives, including a tri-annual review of a skills matrix reflecting the skills of the directors (the "**Skills Matrix**") and periodic evaluations.

The Board and the GCNC review the Skills Matrix (most recently in May 2020) to ensure that the directors possess the requisite experience, expertise and business and operational insight for the effective stewardship of the Corporation.

The Board also monitors the adequacy of information given to directors, communication between the Board and management and the strategic direction and processes of the Board and the Corporation in general. In addition, on a tri-annual basis (most recently in November 2021), the Chair of the GCNC facilitates a formal evaluation of the performance and effectiveness of the Board as a whole, each standing committee of the Board, and the Board and committee Chairs. As part of such process, each director completes a detailed questionnaire which requires them to assess the role, responsibilities and effectiveness of the Board as a whole, the Executive Chair, their applicable committees and its Chairs, the conduct of meetings and any improvements that could be made to enhance Board and committee effectiveness. The results of the evaluations are then reviewed by the GCNC, which reports thereon to the Board.

Ethical Business Conduct

The Corporation has a formal Code of Business Conduct and Ethics (the "**Code of Ethics**") for directors, officers and employees (most recently reviewed and approved May 2023) and requires the highest standards of professional and ethical conduct from its directors, officers, employees and consultants and believes that its reputation for honesty and integrity among its stakeholders is key to the success of its business. In that regard, to create a culture of honesty, integrity and accountability, discussion, on an informal basis, is had amongst the Board, management and employees respecting such matters as the retention of confidential information, the obligation to declare conflicts of interests, the exercise of fair dealing with suppliers and other third parties and the necessity to comply with applicable laws, regulations and rules. The Corporation requires that all directors, officers, and employees of the Corporation acknowledge that they have read and will comply with the Code of Ethics.

To complement the Code of Ethics, the Corporation has adopted a whistleblower policy (most recently reviewed and approved May 2023), which serves as a guideline for employees and consultants of the Corporation to anonymously report concerns regarding questionable business practices or activities without fear of discrimination, retaliation, or harassment. The Corporation requires that all directors, officers, and employees of the Corporation acknowledge that they have read and will comply with the Whistleblower Policy.

The Corporation also has a formal policy in respect of trading in securities by directors, officers, employees and Consultants (the "**Insider Trading Policy**", most recently reviewed and approved May 2023), which is designed to help ensure that directors, officers, employees and consultants of the Corporation: (i) comply with applicable insider trading and tipping laws and (ii) avoid embarrassment to the Corporation by prohibiting actions that could give the appearance of improper trading or tipping. The Corporation requires that all directors, officers, employees and consultants of the Corporation acknowledge that they have read and will comply with the Insider Trading Policy.

Governance Oversight

The GCNC regularly reviews new developments in corporate governance and makes recommendations to the Board on processes or policies which would enhance the overall effectiveness of the Board and its Committees and the performance of the Corporation. The GCNC reviews as required the mandate of the Board, the charters of the Board's committees and the position descriptions for each of the Chair of the Board and the chairs of each of the Board's committees and recommended certain changes which have been approved by the Board. The GCNC reviews and approves any reports required or recommended on corporate governance for inclusion in public disclosure documents.

Committees of the Board

The Board has established the following standing committees of the Board, the (i) Audit Committee, (ii) GCNC and (iii) Investment Committee. With the exception of the Audit Committee and Investment Committees, all of the Committees are independent of management and report directly to the Board. From time to time, when appropriate, ad hoc committees of the Board may be appointed by the Board.

Committee members are appointed by the Board. The roles and responsibilities of each Committee are set out in its Board-approved written charters. Committees have the authority to retain legal and other advisors as appropriate and the Executive Chairman of the Board is invited to attend all regularly scheduled Committee meetings as a guest.

The Audit Committee comprises Messrs. Temkin (Chair), Kirchmair, Dr. Bart and Executive Chairman Meyer. Dr. Chris Bart, Mike Kirchmair and Seymour Temkin are independent, as that term is defined in NI 52-110. Each of the members of the Audit Committee is financially literate within the meaning of NI 52-110 as each has the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the Corporation's financial statements. The Audit Committee is a committee of the Board established for the purpose of overseeing the accounting and financial reporting process of the Corporation and annual external audits of the consolidated financial statements. The Committee has set out its responsibilities and composition requirements in fulfilling its oversight in relation to the Corporation's internal accounting standards and practices, financial information, accounting systems and procedures. For further information concerning the Audit Committee, including the disclosure required by NI 52-110, see "Directors and Management of the Company – Committees of the Board – Audit Committee" in the Corporation annual information form dated April 25, 2023, and available under the Corporation's profile on SEDAR at www.sedar.com, which disclosure is incorporated by reference herein.

The Investment Committee consists of (a) four voting Board members and (b) one non-voting, non-Board member. At any time, at least fifty percent of the members of the Investment Committee must be members of the Board. Messrs. Reichmann (Chair), Kingcott, Kirchmair and Executive Chairman Meyer are the voting members and Mr. Watchorn is a non-voting member. For transactions or a series of transactions requiring less than \$2.5 million of the Corporation's capital, the Investment Committee must consult and receive approval from one of the voting members provided that notice of such approval is promptly provided to Mr. Reichmann, who in turn can veto the proposed transaction. For transactions or a series of transactions requiring greater than \$2.5 million (pre-syndication) and up to \$10.0 million of the Corporation's capital (pre-syndication), the Investment Committee must consult and receive approval from a majority of the voting members. The Board will ratify transactions or a series of transactions requiring greater than \$10.0 million of the Corporation's capital (pre-syndication) and all non-arm's length transactions.

The GCNC comprises Dr. Bart (Chair) and Messrs. Temkin and Kingcott, each of whom are independent, as that term is defined for purposes of NI 58-101. The overall purpose of the GCNC is to assist the Board in maintaining high standards of corporate governance by developing, recommending and monitoring effective governance guidelines and procedures applicable to the Corporation, and by establishing the process for appointing and/or providing ongoing development for directors and senior management of the Corporation. Responsibilities include:

reviewing the mandate of the Board and its committees; periodically reviewing and evaluating the performance of all directors, committees and the Board as a whole; recommending the Board candidates for Board membership; ensuring that an appropriate orientation program is available for new Board members; recommending education programs for Board members when deemed appropriate; reviewing annually, the membership and chairs of all committees of the Board; and annually reviewing and recommending to the Board regarding executive and director compensation. EXECUTIVE COMPENSATION

Named Executive Officers

For the purposes of the Compensation Discussion and Analysis, a NEO means the following individuals: (a) the Chief Executive Officer ("CEO") of the Corporation (b) the Chief Financial Officer ("CFO") of the Corporation (c) each of the Corporation's three most highly compensated executive officers, other than the CEO and the CFO, at the end of the most recently completed financial year of the Corporation whose total compensation was, individually, more than \$150,000, and (d) any additional individual who would be a NEO under (e) but for the fact that the individual was neither an executive officer of the Corporation nor acting in a similar capacity as at the end of the most recently completed financial year. As at December 31, 2022, there were five NEOs of the Corporation: being Glenn Watchorn (President and CEO), Y. Dov Meyer (Executive Chairman), Shelley Ochoa (CFO and Corporate Secretary), Jeremy Scheetz (Managing Director), and Seth Greenspan (Managing Director).

Compensation Discussion and Analysis

The following compensation discussion and analysis should be read together with the compensation tables and related disclosures in respect of the year ended December 31, 2022, set forth below:

The compensation program for all employees, including the NEOs, plays an important role in recognizing the achievement of the Corporation's short-term and long-term business objectives and guided by the following principles:

- a) aligning NEOs compensation with the performance of the Corporation;
- b) rewarding employees and NEOs fairly and commensurately with their contributions when meaningful results that support the Corporations' strategic goals and shareholder interests are achieved;
- c) attracting and retaining top-quality executives by providing total compensation that is appropriate and competitive with that paid by other real estate financing or companies of comparable size;
- d) managing the costs of incentive programs while maintaining their purpose and benefits;
- e) keeping programs simple to communicate and to promote understanding by employees and transparency with shareholders;
- f) ensuring good governance by developing compensation programs that do not encourage excessive risk-taking; and
- g) appropriately balancing the Corporation's short-term and long-term business and financial goals.

Upon the recommendation of the GCNC, the Board makes decisions on the compensation program of the Corporation with respect to executive officers and other senior employees. It is the responsibility of the Board to ensure that these compensation programs are reasonable and appropriate, meet their stated purpose and effectively serve the needs of the Corporation's shareholders and the Corporation.

The Corporation's executive compensation program is comprised of three primary components: base salaries and benefits, performance-based annual incentives (in the form of cash bonus opportunities) and periodic grants of long-term incentives (in the form of share options and deferred share units), which may be subject to time-based and/or performance-based vesting requirements. The Corporation does not provide pension, group RRSP, or other retirement benefits to its NEOs, other than that provided for under government-mandated programs (e.g., the Canada Pension Plan).

Base salary and benefits are set to attract and retain top-quality executives and reflect an executive's primary duties and responsibilities. Decisions regarding base salary and benefits are independent of decisions regarding annual and long-term incentives. The GCNC's view that an appropriate base salary and benefits package are core components of competitive compensation for competent executives. In evaluating appropriate pay levels and salary increases for the Corporation's executives, the GCNC relies primarily on an objective analysis, considering the achievement of the Corporation's strategic goals, an executive's level of responsibility, and individual performance. The goal is to ensure that each NEO is paid competitively, taking into consideration the requirements of the position, the executive's performance, knowledge, skills, experience, and internal equity, and, where available, external pay practices from time to time. In 2021, an independent compensation consultant was retained by the Board to evaluate the appropriateness of the compensation of its NEOs. A benchmark group was used with respect to external pay practices. The companies in the benchmark group were chosen for their relatedness to the business activities of TFCC.

Taking into account the employment contracts of the CEO and the Executive Chairman, the GCNC reviews and makes recommendations to the Board with respect to corporate objectives and performance metrics relevant to the compensation of the CEO and Executive Chairman, evaluates the performance of the CEO and Executive Chairman in light of such objectives and performance metrics and recommends to the Board the compensation level of the CEO and Executive Chairman, based on this evaluation.

The CEO advises the GCNC and the GCNC provides feedback to the CEO regarding other NEOs' compensation, performance metrics, annual incentive bonuses and long-term incentives.

The GCNC makes recommendations to the Board regarding compensation policies and guidelines for the NEOs, the compensation arrangements for the directors, and other senior executives in respect of such incentive compensation plan.

In making these recommendations, the GCNC takes into consideration the Corporation's strategy and business objectives by:

- a) emphasizing pay for performance by having a significant portion of executive compensation "at-risk";
- b) directly aligning the interest of executives with the long-term interest of shareholders by awarding stock options at current market prices which have value to the executives only through stock appreciation over the long run;
- c) providing compensation opportunities that attract and retain talented and committed executives on a long-term basis; and
- d) appropriately balancing the Corporation's short-term and long-term business and financial goals.

The Board periodically discusses the principal risks of the business and ensures the implementation of appropriate systems and controls to manage these risks given the context of the size of the Corporation. This would include risks associated with the Corporation's compensation practices. The Corporation is not of the view that the Corporation's compensation policies or practices might encourage an executive officer to take inappropriate or excessive risks and no risks have been identified as arising from the Corporation's compensation policies or practices that are reasonably likely to have a material adverse effect on the Corporation.

Executive Incentive Compensation Plan

The Corporation maintains an executive incentive compensation plan (the "**Incentive Plan**") under which the Corporation's executive officers and certain other management personnel are eligible for annual cash bonus incentives and long term incentives based upon the achievement of specific individual performance metrics and/or the achievement by the Corporation of its financial targets.

The Corporation's Incentive Plan is regularly reviewed by the GCNC.

The Corporation uses annual cash incentive bonuses to motivate and reward the NEOs for achievements of specified levels of financial and/or individual performance. Awards may vary based on the individual's position and

contributions to the Corporations' overall performance. Any annual cash incentive bonus payable is subject to the final approval of the Board.

In 2021, the Board amended the executive incentive compensation plan. According to the amendment, a bonus pool is funded only after the Corporation reaches a base floor of Net Operating Income Before Taxes (“**NOIbT**”) equal to 80% of annual budgeted NOIbT. For the Corporation's performance below the base floor of profitability, there would be no allocation to the bonus pool. The meaning of NOIbT is not specifically defined by International Financial Reporting Standards (“**IFRS**”), and is not the same as the “pre-tax earnings” standardized meaning prescribed by IFRS as it is adjusted from IFRS pre-tax earnings. NOIbT is calculated as net income from operations before income tax adjusted for the following: share based compensation, incentive compensation, provisions for loan and mortgage investment losses and foreign exchange gain/loss.

The Board further amended the plan such that:

- for performance starting at 80% of budgeted NOIbT, the bonus pool would be funded at 15% of budgeted NOIbT;
- for performance at 90% of budgeted NOIbT, the total bonus pool would be funded at 19% of budgeted NOIbT;
- for performance at 100% of budgeted NOIbT, the total bonus pool would be funded at 22% of budgeted NOIbT; and
- for performance greater than 100% of budgeted NOIbT, the total bonus pool would continue to be funded at 22% of budgeted NOIbT with no maximum limit.

It was further determined that the allocation of the bonus pool should be made as follows:

- 55% for the senior managers reporting directly to the CEO (the “**senior managers**”); and
- 45% for the CEO and Executive Chairman.

It was also determined that each eligible individual's access to the bonus pool should be granted as follows:

- 75% of each individual's access should be based on their allocated bonus pool percentage as determined by the CEO and Executive Chairman; and
- 25% of the remaining access should be based on each person achieving up to three individualized performance metrics such as the performance of the Corporation and individual achievements during the year:
 - o as assigned by the CEO and Executive Chairman for the senior managers
 - o as assigned by the Board, for the CEO and the Executive Chairman.

The annual cash incentive award is designed to focus management's attention on key operational goals for the current fiscal year, and the incentive awards are determined after financial results for the relevant year have been finalized.

The CEO advises the GCNC and the GCNC provides feedback to the CEO regarding other NEOs annual incentive bonuses and long-term incentives.

For the year ended December 31, 2022, the Corporation did not reach a base floor of NOIbT equal to 80% of the annual budgeted NOIbT. However, for the year ended December 31, 2022, the Board approved a discretionary bonus. Accordingly, the President and CEO received \$63,000, Executive Chairman received \$63,000, the CFO and Corporate Secretary received \$36,000, Jeremy Scheetz (Managing Director) received \$45,000 and Seth Greenspan (Managing Director) received \$37,500 of incentive compensation.

Share-Based Incentive Compensation Plans

The GCNC and the Board believe that share-based incentive compensation plans are the most effective way to align the interests of management with those of shareholders. The Corporation's share-based incentive compensation program currently consists of a stock options plan and a deferred share unit plan, which are used to incent management and directors to foster long-term shareholder value.

Stock Options Plan

It is the Corporation's belief that stock option grants provide an incentive that focuses the recipient's attention on managing the Corporation from the perspective of an owner with an equity stake in the business. These grants also focus operating decisions on long-term results that benefit the Corporation and long-term shareholders. The option grants to executive officers and directors offer the right to purchase common shares at their fair market value on the date of the grant. These options will have value only if the Corporation's share price increases. The number of shares covered by each grant is intended to reflect the recipient's level of responsibility and past and anticipated contributions to the Corporation. Previous grants are taken into consideration when considering new grants.

The Board is responsible for making decisions with respect to option grants under the Stock Option Plan. In determining the size of individual stock option grants, the Board considers the recommendations of the CEO, other than with respect to any stock options to be granted to the CEO and considers the aggregate number of Common Shares available under the Corporation's Stock Option Plan and the number of individuals to whom the Corporation wishes to grant stock options. The Board also considers the range of potential compensation levels that may be yielded by the grant of stock options. The Board reserves the discretion to consider any factors it considers relevant, including, but not limited to, any previous grants to NEOs or eligible employees, and to give all factors considered the relative weight it considers appropriate under the circumstances then prevailing, in reaching its determination regarding the size and timing of stock option grants. No specific performance thresholds are used by the Board when determining grants of options. Instead, the Board makes determinations at its discretion based upon the overall performance of the Corporation and its activities throughout the year.

For the year ended December 31, 2022, no stock options were granted to NEOs.

Hedging of Share-Based Compensation

While the Corporation does not have a specific policy against it, to the Corporation's knowledge, NEOs and directors do not purchase financial instruments designed to hedge or offset a decrease in the market value of equity securities of the Corporation granted as compensation or held, directly or indirectly, by the NEO or director.

- (1) These amounts represent the “grant date fair value” of options granted to the respective NEO, which have been determined by using the Black-Scholes model, a mathematical valuation model that ascribes a value to an option based on a number of factors in valuing the option-based awards, including the exercise price of the option, the price of the underlying security on the date the option was granted, and assumptions with respect to the volatility of the price of the underlying security and the risk-free rate of return. These values are consistent with the accounting values used in the Corporation’s financial statements.

The GCNC believes that the directors of the Corporation should be compensated in a form and amount which is appropriate, and which is customary for comparable organizations, having regard for such matters as time commitment, responsibility, and trends in director compensation. In reaching this opinion, the GCNC sought the assistance and advice of an independent executive compensation consultant.

Deferred Share Unit Plan

The Company has a cash-settled deferred share unit plan (the “**DSU Plan**”) to promote a greater alignment of interests between directors, officers, and employees and the shareholders of the Company by linking a portion of the annual director retainer and annual bonus to the future value of the common shares.

Effective September 30, 2019, directors no longer can elect to receive their annual retainer in DSUs. At the beginning of each year, the Board will determine which board members will be eligible to participate in the DSU Plan and the dollar amount that can be contributed to the DSU Plan. Unless authorized by the Board, the directors will continue to receive their annual retainer in cash.

Prior to September 30, 2019, the Board determined the amount, timing, and vesting conditions associated with each award of DSUs. Except for Executive Chairman, each eligible director was obligated to contribute, on the last day of each quarter, a minimum of 50% and elect to receive up to 100% of their annual retainer in DSUs with the balance, if any, to be paid in cash. In addition, when the directors elected to receive more than 50% of their fees in DSUs, the Company granted additional DSUs equal to 50% of the value of the DSUs that are over the 50% minimum received by them. Of the additional DSUs granted by the Company to the directors, 50% vested in six months from the date of grant and 50% of the additional DSUs vested in 12 months from the date of grant. The number of DSUs to be issued under the DSU Plan is determined by dividing the amount of the retainer or annual bonus elect to be deferred as the basis for the award by the volume-weighted average trading price (the “**Market Price**”) of the common shares. Each DSU may be redeemed for cash payment (rounded to the nearest cent) equal to the number of DSUs to be redeemed multiplied by the Market Price of a common share on the redemption date, net of any withholding taxes, upon the participant ceasing to be a director of the Corporation (whether by termination, retirement or death).

In addition, if an offer is made to purchase 50% or more of the outstanding voting Shares of the Corporation, a Participant shall be entitled to exercise his or her Option with respect to all of the Shares subject to the Option and not yet purchased thereunder and tender such Shares into such offer, conditional upon the take-up of Shares under such offer.

13. Acceleration on Transaction with Third Party

Notwithstanding anything else contained herein, the Administrators may, in connection with any transaction involving the Corporation or its shareholders (including, without limitation, an offering of securities), determine to accelerate the vesting of all issued and outstanding Options to render the Shares subject to the Option to become immediately available for purchase by the Participant, and to determine that the Options shall terminate no less than ten (10) business days following such date of vesting.

- (c) Upon actual receipt by the Administrators of written notice and a wire transfer, certified cheque or bank draft for the full aggregate exercise price, the appropriate number of Optioned Shares shall be issued and registered in the name of the Participant exercising the Option and the Corporation shall use reasonable efforts to deliver, or cause the registrar and transfer agent of the Optioned Shares to deliver, to the Participant (or as otherwise directed by the Participant) a certificate representing such Optioned Shares.

16. Certain Adjustments

Appropriate adjustments, as regards Options granted or to be granted, in the number of Shares that are available for purchase and/or in the purchase price for such Shares under the Plan and to the maximum number of Shares available for issuance under the Plan shall be made by the Administrators, acting reasonably, to give effect to the number of Shares of the Corporation resulting from subdivisions, consolidations or reclassifications of the Shares, the payment of stock dividends by the Corporation (other than cash dividends) or other changes in the capital stock of the Corporation that the Administrators may, in their discretion, consider relevant for purposes of ensuring that the rights of the Participants are not prejudiced thereby (including amalgamations, mergers, reorganizations, liquidations and similar material transactions).

17. Shareholder Approval

In the event that the Administrators seek a reduction in the exercise price per Share of any Options where the recipient of the Options is an Insider of the Corporation at the time of the proposed reduction, the Corporation will obtain disinterested shareholder approval in respect of such reduction prior to such reduction taking force and effect.

18. Effect of Termination on Participation in the Plan

- (1) 90 days following the date of the Event of No Fault Termination (which date shall be calculated without reference to any notice or severance period to which the Participant may be entitled whether by contract or at law);
 - (2) 30 days following the date of the Event of No Fault Termination (which date shall be calculated without reference to any notice or severance period to which the Participant may be entitled whether by contract or at law) if the Participant was engaged in Investor Relations Activities; or
 - (3) one calendar year from the date of the Event of No Fault Termination if the Event of No Fault Termination is the death of the Participant.
- (c) Upon the occurrence of an Event of Termination or Event of No Fault Termination, all Unvested Options granted to the relevant Participant shall terminate immediately.

19. Transferability

- (a) The interest of any Participant in the Plan (including, without limitation, in respect of Options granted hereunder and the Shares underlying any such granted Options) is personal to the Participant, and except as expressly provided for in this Section 19 with respect to a Participant's death, may not be assigned or transferred and may not be made subject to execution, attachment or similar process otherwise than by will or by the laws of descent and distribution.
- (b) Options may be exercised by the Participant, Trust or Personal Holding Corporation and, upon the Participant's death, the legal representative of his or her estate or any other person who acquires his or her rights in respect of an Option by bequest or inheritance.
- (c) A person exercising an Option may subscribe for Shares only in his or her own name, on behalf of a Trust established for his or her sole benefit, in the name of his or her Personal Holding Corporation or in his or her capacity as a legal representative.

20. Amendments to and Administration of the Plan

- (a) The provisions of this Plan (including without limitation, the form of certificate evidencing the Options or any instrument to be executed pursuant to the Plan) may be amended at any time and from time to time without the consent of the Participants or other Eligible Persons upon the approval of the Administrators, in its sole and absolute discretion, including, without limitation, as follows:

- (b) The Plan, as amended, shall govern the rights and obligations of the Corporation and the Participants with respect to all then outstanding Options.

21. Termination of Plan

The Administrators may suspend, discontinue or terminate this Plan at any time without the consent of the Participants or other Eligible Persons, in the Administrators sole and absolute discretion.
